

# EASY HAULER

## ATV Dump Cart

*Easy Hauler's new ATV Dump Cart is designed and built by people who actually use ATV's and Carts. The ATV-P800 offers rugged dependability while maintaining lightweight features and good looks.*

*The tub is molded from high-impact, low temperature polyethylene, which means that your ATV Dump Cart is strong and will not puncture, rust or crack in cold weather.*

*The combination of our strong tilting steel subframe and 18x9.5x8 knobby tires will ensure that your cargo gets to the destination every time, because when you're out in the wilderness the last thing you want to worry about is making it back.*

*1-1/16" spindles, 5 stud hubs and standard bearings all go into the ATV-P800 to make sure that if you ever have a problem, you can find the right parts just about anywhere.*

*Backed by our 2 year limited warranty you can be sure that as we say at Easy Hauler - "We're Behind You All The Way!"*

ATV-P800

# Lawn & Garden Cart

Many of the same features that have been built into the ATV-P800 go into the lightweight LT-P500. It offers many of the same features as the ATV-P800, while utilizing some lightweight features for lawn & garden use.

The tub, tilting subframe and tongue are all identical to the ATV-P800. We've made the ATV-P500 with a pin & hook attachment for quick hook-up to lawn tractors.

A 3/4" steel shaft with 800-6 lawn tires with sealed roller bearings are perfect for the slower speeds of lawn tractors and will ensure a smooth, strong and safe ride which won't damage lawns and gardens.

Backed by the same 2 year limited warranty as the ATV-P600, we're sure you will have many years of trouble free use.

LT-P500

## Protect your gear and valuables with our ATV Tub Covers.

Our Heavy Duty Cover, (shown at right) is manufactured from 18 oz. truck tarp material and won't crack, rot or mildew and has been tested to -40 degrees.

Our light duty cover is manufactured from nylon and is ideal for general use on the Lawn & Garden Cart. Both covers are easily adjustable with the enclosed bungee cord, and they are conveniently stored in their own carry bags.

Lawn & Garden Cart Tire and Wheel with bearing inside wheel. Rides on 3/4" steel shaft.

ATV Cart Tire with 5-stud automotive style hub with standard size bearings.
